

WHY TAKE THE CERT TRAINING?

In Washington, it’s not a question of if, but when.

It is important to know, if a major disaster occurs, fire, paramedics, police may not be available to respond to you right away! That is why you constantly hear...You MUST be prepared to take care of yourself and your neighborhood.

CERT members are trained in basic disaster response skills such as fire safety, light search and rescue, team organization and disaster medical operations.

CERT training can give you the basic skills needed to assist with life safety actions during and after an emergency.

CERT training is **FREE** and open to any person in Kitsap County over the age of 18!

The next CERT Basic training will begin on Wednesday September 13, 2023 at Seabeck Community Center! 15565 Seabeck Hwy NW, Seabeck, WA 98380

You must attend all of the unit classes in the session to complete the course!

To register and receive a volunteer application, please contact:

Michele Moen at mmoen@kitsap.gov or (360) 307-5881
